

## TO PUSH THE CAMPAIGN AT TAMPICO PORT

### Carranza Wants to Capture a Seaport—No Cessation of Fighting.

While Venustiano Carranza has not yet replied officially to the proposition of the South American mediators for a federalist armistice, his answer is plainly forecasted in orders promulgated for a concentrated attack on Tampico.

The federal gunboats and the land defenses of Tampico have proved too big a task for the troops of Gen. Calles and Gonzalez, and orders have been issued for the mobilization of 12,000 troops from the states of Coahuila, Tamaulipas and Nuevo Leon. It

is reported also that Pancho Villa will lead the attack.

Rafael E. Musquiz, a son-in-law of Carranza and a leader of the junta here, is among authorities for the declaration that the armistice in northern Mexico is impossible.

Villa was at Parral yesterday. It is said that his recent trip to Juarez and his present peregrinations are on business matters connected with raising revenue, but others declare that he went to Parral to "have it out" with Maclovio Herrera, who was being honored by the Carrancistas for Villa's position as commander of the rebel army of the north.

Villa's present itinerary will be arranged so that he can accompany Carranza into Torreon next Sunday, when he is to review the troops. It is understood that Carranza will visit Monterey also to congratulate his forces there on the capture of the city. It is said that the rebel capital will move to Torreon and that after the expected capture of Saltillo, that city will have the honor.

Mr. Musquiz has been authorized by Carranza to proceed to C. P. Diaz, Laredo and other cities recently taken by the rebels, to instill civil officers. Work of repairing railroads will be pushed with great energy, it is stated.

A letter to Gen. Felipe Angeles, chief of the rebel artillery, from Gen. Masquita, the federal commander at Saltillo, and signed by a number of other generals and lesser officers, asking Angeles to join the federales against the United States, was answered by Angeles to the effect that he would not compound the federal crimes by joining the rebels. In a letter addressed to the Associated Press and signed by Villa, the latter asserts that the best of feeling exists between himself and Carranza.

## Rheumatism

Remarkable Home Cure Given by One Who Had It—He Wants Every Sufferer to Benefit.

Send No Money—Just Your Address.

Fears of awful suffering and misery have taught this man, Mark H. Jackson of Syracuse, New York, how terrible is every kind of rheumatism, and he has given his sympathy with all sufferers who are within its grasp. He wants every rheumatic victim to know how he was cured. Read what he says:

"I Had Sharp Pains Like Lightning Flashes Shooting Through My Joints."

"In the spring of 1903 I was attacked by muscular and inflammatory rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely and I have never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-sought-for means of curing your rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered? Write today. MARK H. JACKSON, No. 44 Gurney Bldg., Syracuse, N. Y."

## Mental Fuzziness

You can't look a man in the eye when you are out-of-order and half sick. You unconsciously show that you are guilty of a breach of Nature's laws. You are fearful because you are mentally fuzzy.

Because of some excess, Nature tells behind in her work of purifying the food in the intestine. The bile is "clogged" in the liver, your blood is taking up the germ laden food and you are stupid-fuzzy—half a man. The Doctors call it "Auto intoxication."

## PoDoLax Releases the Bile

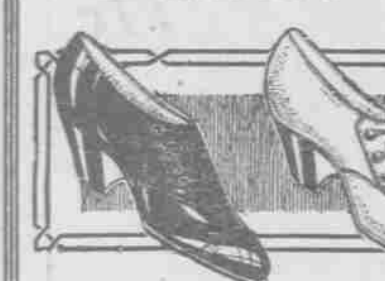

Bile is Nature's disinfectant and purifier of the food in the intestine. Without it we sicken—with a free flow we are immune from germs because no foreign germ can multiply after immersion in bile.

PoDoLax releases the bile from the liver. It does it gently, but surely, and after a few days your fuzziness disappears.

Bile purifies the body-building food—that's why you gain in strength—why you become alert and vigorous after taking PoDoLax a short time. Do you want further justification? A lot of bile will prove it absolutely.

PoDoLax is a Podophyllin formula that tastes good—that releases the bile gently—without annoyance or loss of time. PoDoLax, from Podophyllin—"Lax" from laxative—PoDoLax is the name. Ask for it by this name—Advertisement.

## REBELS FIRE ON SHIP; ONE WOUNDED

Claim They Will Prevent Merchants From Entering Tampico, To Cut Off Federal Supplies.

Washington, D. C., May 1.—The Ward liner Antilla, flying the Cuban flag, steamed into Tampico late Thursday under cover of fire upon the rebels from the federal gunboats after the rebels had opened fire on the steamer, according to a message received from rear admiral Mayo.

When the rebels fired, their fatalities at the Antilla, the helmsman was wounded and the liner anchored, sending out "S. O. S." signals. Admiral Mayo sent alongside a boat containing his aide and a medical officer from the flagship Des Moines. Then officers of the foreign man-of-war off the port, headed by Capt. Daugherty of the British cruiser Hermolus, called upon the rebel commander for an explanation.

The rebels declared that in the future they proposed to prevent any means from entering the city, in order to prevent any stores or supplies from reaching the federales.

The federal gunboat Veracruz opened fire on the rebels and the Antilla proceeded up the river to the wharves.

Naval officers said no notice would be taken by rear admiral Mayo of the incident. They said, however, that the British, German and other warships at the port would demand that the "Constitutionalists" refrain from interfering with foreign ships.

## ARMED MEXICANS LOOTED

ARIZONA RANCH, IS REPORT

Tucson, Ariz., May 1.—Seven armed and mounted Mexicans went to the "Eighty" ranch in the Huachuca mountains, robbed the foreman of \$12 and plundered the ranch of its horses, saddles and arms, according to J. G. McCabe, a rancher of the Huachuca section. No demonstration was made against the American employees, but the Mexicans said they were looking for the owner, who happened to be away. They are supposed to be a party of Huertistas.

The residents of the flats in the Huachuca have appealed to governor Hunt for more protection. Of 150 families in that region it is claimed that not more than 15 have guns.

## REBELS REPAIR RAILROAD

OUT OF C. P. DIAZ

A party of 30 Mexican railroad officials, engineers and construction men left here today for C. P. Diaz, Mex., opposite Eagle Pass, to begin work on the repairing of the National Railway of Mexico tracks south of that point. The reopening of the line is necessitated by the operations to be undertaken by Villa's army against Tampico and Saltillo. R. Dominguez has been made general manager of the railway of the state of Coahuila.

## FISHER FAVORS FEDERAL

CONTROL WATER POWER.

Washington, D. C., April 30.—Walter L. Fisher, of Chicago, former secretary of the interior, testified before the house committee on public lands today in advocacy of federal control of the water power on the public domain. He said the arguments of those urging state control usually had back of them some motive of advantage for some interests in the state.

## MORMONS GOING BACK

Douglas, Ariz., May 1.—A score or more Mormons who fled to this city from Colonia Morelos, Mexico, are busy fitting up their wagons to return to their homes. They expressed chagrin at having come out at all.

# MOUNTED MEN GUARDING THE BORDER

## COLQUITT STILL WAITS

A REPLY FROM GARRISON

Austin, Texas, May 1.—Governor Colquitt has not as yet heard from Secretary of War Garrison, in reply to the governor's message as to when the federal government would send a regiment of infantry to Brownsville to take the place of the state troops. The governor will keep the state troops on duty along the border until the regulars reach the scene. According to information received by the executive department, the situation is quiet along

## BOY WITH ROOSTER IS

Thursday night, Alfonso Rico, having under his arm, it is charged one red rooster, was taken to the police station. The boy and the rooster were placed in the city jail for investigation by the city detectives.

## VILLA INSISTS HE AND CARRANZA AGREE

Citations From Recent Statements Left For the Reader to Ravel Out.

"I invite you to suspend wholly the hostile acts already initiated, ordering your forces to evacuate all places which they now hold in their power in the port of Veracruz."—Venustiano Carranza, in a letter to president Wilson, April 22.

"I hope the United States continues to hold Veracruz harbor until I can get to Mexico City."

"Well, what about your attitude towards Gen. Carranza's note of Wednesday?"

"It was a great mistake, that—Well, amigo, I am only a subordinate officer and I don't believe it best that I should give out my views—yet."—Interview with Pancho Villa by John W. Roberts, published in El Paso Times, April 25.

"It is absolutely false, as statements in the newspapers have maintained, that there exists any feeling between the supreme chief of the 'Constitutionalist' administration, and myself. Between us there exists the greatest cordiality and good feeling, and for my part will always tender the chief the respect and subordination which I have always shown in all my acts."—Pancho Villa to Associated Press, April 25.
